

FIBERCOMBI
ANIMAL HEALTH AND WELFARE

FiberCombi is easy to work with and easy to dose, so we don't use too much of it.

With FiberCombi's high absorption capacity we have reduced our cases of piglet diarrhoea substantially.

FiberCombi keeps the piglet nests very dry.

We have always been met with good customer service

We use FiberCombi and the detergent from Destek ApS.

We started using FiberCombi in August 2014.

FiberCombi is easy to work with and easy to dose, so we don't use too much of it.

We apply FiberCombi in the piglet nests each or every second day – as much as needed.

With FiberCombi's high absorption capacity we have reduced our cases of piglet diarrhoea substantially.

FiberCombi keeps the piglet nests very dry.

We have always been met with good customer service.

Regards,
Laila Lehmann
